Fees & Medicare Rebates at Sunstate Family Practice, Victoria Point

We are a private billing family practice with longer standard appointments. This page sets out what our skin checks, Total Body Mapping and GP consultations cost, the indicative Medicare rebate, and what you can expect to pay out of pocket.

Book online or call (07) 3207 7744.

Fees at a glance

- **Full skin check:** $109–$170, out-of-pocket $63.95–$82.90 after Medicare.
- **Full skin check + Total Body Mapping:** $219–$280, out-of-pocket $173.95–$192.90.
- **Children 12 and under** are bulk billed for standard GP consultations, 8am–5pm Monday–Friday.

Skin Cancer Detection Consultation Fees

Queensland has some of the highest rates of skin cancer in the world, and our GPs perform thousands of skin checks every year. The fee depends on how many spots need checking and how long your appointment takes.

Appointment	Fee	Medicare rebate*	Out-of-pocket
Skin Spot Check 1 or 2 lesions	$80–$109	$24.55–$45.05	$55.45–$63.95
Full Skin Check Head-to-toe examination with a dermatoscope	$109–$170	$45.05–$87.10	$63.95–$82.90
Full Skin Check + Total Body Mapping (TBM) Skin check plus total body photography	$219–$280	$45.05–$87.10	$173.95–$192.90

Private Health Fund Rebates may apply for Total Body Mapping depending on level of cover and health fund.

Due for a skin check? Book online and choose a skin check or Total Body Mapping appointment, or call (07) 3207 7744. Learn more about skin checks.

Total Body Mapping (Mole Mapping) Fees

Total Body Mapping, also called mole mapping or total body photography, is booked alongside a Full Skin Check. The Total Body Mapping component is **$110 including GST**, on top of the skin check fee. The Medicare rebate applies to the skin check consultation only.

- A clear photographic baseline of your skin
- Monitoring notes from your GP linked to your images
- A plan for what to watch and when to come back
- Images stored securely with your medical record

TBM may suit you if you have many moles or freckles, fair skin, a history of sunburn, or a personal or family history of melanoma. Learn more about Total Body Mapping.
